Re: **Citrus Bowl Retrofit Study**

---

According to recent reporting either city or county staff reviewed information pertaining to a possible retrofit to the Citrus Bowl to accommodate a Major League Soccer franchise which was dismissed as unfeasible. However, members of the public and the Board of County Commissioners were not informed of this information. I would appreciate receiving any documentation concerning the review of the possibility of the Citrus Bowl being retrofitted. For purposes of transparency and making an informed decision, I believe this information should have been disclosed instead of blanket statements that the Citrus Bowl could not meet the standards of MLS.

Thank you for your consideration of this request.
