Subject: Following up

Commissioner...just wanted to follow up on our phone conversation over the holidays. Just to confirm there is no immediate plan to demolish Tinker Field grandstands. Based on prior Council workshop discussions there will be recognition of the significant events that have taken place on the site. There are no plans to pave over the infield. I am relieved to know from you that no one from the Mayor's staff actually threatened you or your future....this would be a disciplinary offense and would not be tolerated by Mayor Dyer or myself. We take this very seriously but based on your verification that there was not a threat made by City staff we do not need to investigate further.

I am always available if you hear any rumors or if you need help with anything.

William "Frank" Billingsley
Chief of Staff to Mayor Buddy Dyer
City of Orlando - Office of the Mayor
400 South Orange Ave.
Orlando, FL 32801
