

RE-ELECT

Samuel B.  
**INGS**

FOR CITY COMMISSIONER DISTRICT 6

## Experienced to Lead. Proven to Serve.

### Born and Raised in Orlando to Serve

I have made Orlando's District 6 my home since growing up in the Murchinson Terrace Housing Project. I chose a career in law enforcement because I knew that it would afford me the opportunity to have constant interaction with citizens, as well as a chance to positively impact my community.

### Experienced Leader for District 6

After spending more than 30 years as a crime fighter with the Orlando Police Department, and retiring as a Police Commander, it was clear that my commitment to serving the citizens of Orlando was not meant to end. District 6 residents continued to believe in my vision to provide greater amenities and improve your quality of life and elected me to serve as your Commissioner. Since the time that you have elected me to serve in office, my approval rating and your support of my leadership as Commissioner has continued to soar among residents and businesses within the City of Orlando and District 6.

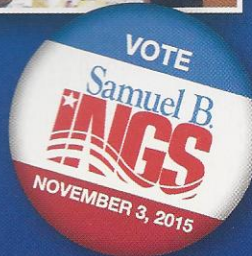

### Major Improvements and More Opportunities

I am proud to announce that during my tenure, residents have seen monumental improvements throughout the District. Businesses have experienced an economic renaissance as a result of OUR progress. Consequently, our District continues to attract new residents and expand with new opportunities.

“Commissioner Ings’ leadership exceeds the expectations of his community. He is totally committed to helping everyone to succeed.”

— Cora Miles Jefferson, Radio Host
